

 *"Non solo cicciolè" is a family-owned agricultural company and holiday farm house situated on the hills of Faedis in the province of Udine. Completely immersed in green and in a real oasis of silence, the farm house gives you the possibility of admiring the beauties of a wild and uncontaminated nature, thereby fully respecting nature. Placed at a crossroads in Friuli Venezia Giulia, the farm house offers a wide range of products and activities in perfect synergy with the surrounding territory, which gently embraces sea and mountains.*

The raising of wild pigs of the two Cinta Senese and large white-duroc breeds takes place outdoors. Swine are fed with highly selected natural cereals and pasture and most of all they are free to feed on food inside the pen (chestnuts, acorns, spontaneous tubers).

In the holiday farm slaughterhouse, swine, goats, donkeys and yard poultry are slaughtered and processed following traditional methods. A wide range of niche products (salame tradizionale, a punta di coltello, soppressa, pancetta, etc), which we are proud and enthusiast to present you, are for direct sale. All our salamis are manufactured and stuffed in natural bowels without preservatives or colouring agents.

Catering. The cuisine we propose you is a seasonal one: it consists of a simple and yet high-quality menu with a wide range of food and wine events and combinations. For example, the pork dish "La Maialata" is served in winter with boiled meat and in summer with spontaneous herbs. All dishes are served with wines of the farm house and home made vegetables.

The accommodation offered by the farm house consists of five large and comfortable rooms (Erica, Genziana, Margherita, Viola, Primula) with bath, all elegantly furnished and equipped with TV, independent heating and safe. Each of them has a **balcony** with a breathtaking view. In the surroundings it is possible to go for long and healthy walks and excursions, and visit medieval museums to better understand the culture of this area.
